sgapiRemoveContactFromInvite(%%linkID, %%email)

Last Modified on 01/27/2014 11:55 pm EST

This function removes the given contact from the given invite as specified by %%linkID. linkID is the inviteID and can be found in your email campaign.

Example

In this example, we'll remove a contact from the email campaign with ID 123456.

```
%%linkID = 123456;
%%email = sgapiGetValue(2);

sgapiRemoveContactFromInvite(%%linkID,%%email);
```
