

# sgapiNewPagePDF(%%pdf)

*Last Modified on 07/28/2016 7:20 pm EDT*

---

This function creates a new page in the given pdf.

For more info on PHP PDF Creation visit: <https://github.com/rospdf/pdf-php/blob/master/readme.pdf>

## Example

The below script can be included when building a PDF object to start a new page.

```
%%sgapiNewPagePDF(%%pdf);
```
