sgapiGetSurveyProgress()

This function returns the percentage progress based on survey pages.

Example

If the above script is placed at the top of each survey page of a 6 page survey (including the Thank You page) the below percentages would be returned:

- **Page 1:**
- **Page 2:** 20
- **Page 3:** 40
- **Page 4:** 60
- **Page 5:** 80

Check it out in an Example Survey

```
%%output .= sgapiGetSurveyProgress();
```
